EDUCATION

University of Washington — Seattle, WA
MS, Information Management — Expected Graduation: Jun 2023

Soochow University — Taipei, Taiwan
BBA, Computer Science and Information Management — 2016-2020

Award: 4th place (out of 50 participants), International Information & Communication Technology (ICT) Innovative Service Competition (2019)

- Developed an Education Technology application by training a machine learning model using TensorFlow and Python web crawler. Saved time for students by providing personalized recommendations
- Built an Android app using Java and Android Studio to provide easy access for users

Projects:

JL Dancewear Studio – Business Cooperation (2019) (url: https://jldancewear103.blogspot.com)

- Designed and built a website using HTML5, CSS, and JavaScript to showcase designers' works and products
- Optimized and raised search results ranking using product popularity and user profiles to improve user experience
- Awarded 1st place and Best Web Designing in E-commerce Website Design and Managing course

Online Basketball Team-up System – Database Application Systems Development (2018)

- Developed a basketball team-up system to match players by availabilities and profiles using database, ASP.NET, and C#. Affected 100 users in school basketball team
- Optimized performance and stability using database indexing, caching, and server replication, achieved 99% uptime and a 0.1 second of median response time

EXPERIENCE

Fubon Life Insurance Co. — Taipei, Taiwan
Software Developer Intern, IT Operation Management Department — July 2018 - August 2018

- Developed an automation program by reporting daily system alerts to JIRA using Python. Saved 40 work hours per week for 20 people in the team
- Collaborated in a cross-functional environment and completed the project in 8 weeks (2 weeks ahead of schedule)

EXTRACURRICULAR ACTIVITIES

Soochow University Toastmasters Club — Taipei, Taiwan
President — 2018 - 2019

- Led and grew club members by 3X within one year by initiating demonstration meetings, promotional events and social media engagements
- Mentored club members to deliver public speeches following Toastmaster International guideline. Won President's Distinguished Award by reaching the highest speech completion rate in Taiwan (180+ club)
- Took initiatives to host cross-school activities and joint meetings with enterprise like Asus Computer

Interest: Outdoor activities. Climbed Mount Jade (3952m) and Mount Sylvia (3886m). Open water swims in Sun Moon Lake (3km). Biked around Taiwan (908 km) in 12 days
